Science & Technology Cluster

Award ceremony of **'The Green Fellowship'**  
on  
*Advocating environmental stewardship and  
sustainable innovation with* **MASHAAL**

16<sup>th</sup> Sept. 2025

Le Meridien, New Delhi

## Green Fellowship under MASHAAL Program

### Overview

The Green Fellowship, under the MASHAAL Program (<https://www.driiv.co.in/mashaal/>) launched by DRIIV (Delhi Science & Technology Cluster, Office of the Principal Scientific Adviser (PSA), Govt. of India) and M3M Foundation accelerates technological innovation addressing key environmental challenges while aligning with India's sustainable development goals.

### Focus areas

- Renewable Energy Transition
- Environmental Sustainability
- Ensuring Water Security

### Why it matters

Through strategic funding, mentorship, and ecosystem access, the Fellowship empowers innovators to build scalable solutions. The program fosters partnerships with industry leaders and policymakers, creating a robust pipeline from ideation to real-world piloting and impact.

### Long-term vision & impact

- Enabling scalable, sustainable solutions that address India's pressing social and environmental needs.
- Fostering societal growth through innovation and economic upliftment.
- Supporting cutting-edge innovations & strengthening entrepreneurial ecosystem.

*By bringing together entrepreneurs, thought leaders, industry players, policymakers, and municipal representatives, the event will serve as a powerful platform to co-create solutions and accelerate impact on pressing environmental and societal challenges.*
